A) LAND FORCES

I) RUMANIAN

a) *Headquarters*

50X1-HUM

MILITIA

May 1950

The command post of the militia for the Dumbovita region is located, together with the command post of the Securitatea, in three one-storied buildings on Mihai Bravu Street, in the northern outskirts of town. In this command post is also located the bureau for the control of foreigners in the Dumbovita Region.

Argoviste

May 1950-

~~SECURITATEA~~

Headquarters
The ~~office~~ of the Securitatea for the Dumbovita Region is located in the same office as above, on Mihai Bravu Street, and is under the command of a captain.

Argoviste

May 1950-

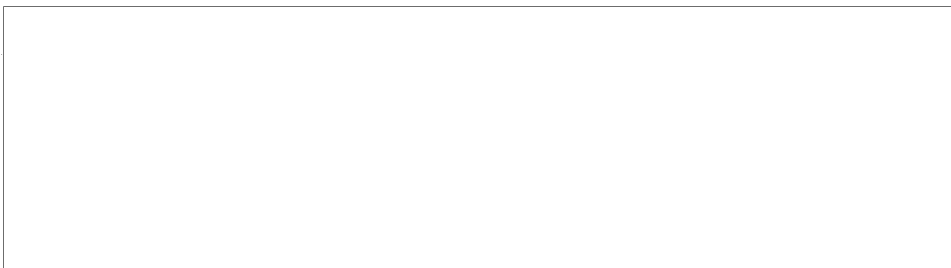

Headquarters
The ~~command post~~ of the Securitatea for the city, is located in a civilian house on Republicii Street. It is composed of 8 or 9 junior officers and about 10 men employed

Pucipasa

SECRET U.S. OFFICIALS ONLY

SECRET**U. S. OFFICIALS ONLY**

in various capacities. There is a sentry, with sentry box, at the entrance who is armed with a repeating Mauser rifle.

50X1-HUM

b) Troops

50X1-HUM

May 1950 An undetermined number of soldiers are quartered in a barrack located about 200 meters north east of the railroad station of Alta Teis. It would seem that this is a large barrack, provided with a railroad siding.

ALTA TEIS

50X1-HUM

Note: Alta Teis is located directly north of Targoviste

50X1-HUM

May 1950 20 members of the Militia are quartered in a civilian house in the immediate vicinity of the station and are under the command of a captain. The former commanding officer, a first captain Corj (/name not known) was transferred elsewhere in April 1950.

Pucioasa

50X1-HUM

50X1-HUM

May 1950 From 25 to 30 men constitute the Branesti garrison of the Militia. They have two cars available, a Fiat 1100 and a Ford, and they are quartered in a raised one-story building right in the center of the town.

Branesti

50X1-HUM

c) Various**Partisan Resistance**

50X1-HUM

1947 In 1947, in the mountains surrounding the city there were bloody encounters between elements of the Tudor Vladimirescu Division and groups of the partisan movement, with heavy losses

**SECRET U. S. OFFICIALS ONLY**

SECRET**U. S. OFFICIALS ONLY**

on both sides. This a matter of public knowledge.

II- YUGOSLAV LAND FORCES

a) troops

50X1-HUM

July 1958-- An undetermined number of men of the KNOJ is quartered in a barrack located in the south-west section of the city (A more detailed location is not available). The group is made up of about 60 men, and is under the command of a captain. From 6 to 7 junior officers have also been noted. This group is used primarily for ~~border~~ border duty in a sector of the frontier with Rumania.

VK-KIKINDA

50X1-HUM

the Bega canal is in this region,

50X1-HUM

Every 6 to 12 hours, a platoon leaving the barrack, and it was composed usually of 7 men under the command of a junior officer. The armament of this platoon consisted of repeating rifles, of undetermined make, except for the officer who ^{was} armed with ^{an} automatic "Beretta" rifle. These same men, upon completion of their tour of duty, would return to the barracks one by one.

a) Industries

50X1-HUM

May 1950

There is an ammunition factory about 100 meters ^{north-west of} the
 railroad station of a town

BRANESTI

50X1-HUM

The factory is surrounded in part by a wire fence and in part by a wall which on the eastern side, is about 300 meters long. It is provided with a railroad siding which leads to the station. At the entrance, on the eastern side, there is a sentry armed with an automatic rifle with a drum magazine.

No information is available relative to the production and the number of workers employed in the factory.

May 1950 — An arms and ammunition factory is located in Targoviste, TARGOVISTE which in 1946 employed about 2000 workers.

50X1-HUM

50X1-HUM

May 1950 ---- There is a cement plant located directly south of the railroad station of Fieni

FIENI

It is surrounded by a cement wall with a perimeter of 200-250 meters by 100 approximately..

50X1-HUM

No information is available on the production; however, the cement bearing is sold in bags of 50 kilos/~~with~~ the inscription "Fabrica Cement Fieni Dumbovita. It is connected with a quarry located on Mount Paduchiosu by means of a telpher line about 20 to 25 kilometers long.

May 1950- Glassworks "Steava Rosa," formerly known as "Electro Star".

FIENI

50X1-HUM

SECRET**U. S. OFFICIALS ONLY**

SECRET**U. S. OFFICIALS ONLY**

It manufactures bulbs of various voltage, glass panes and other household objects. Most of its products seem to go to Russia.

50X1-HUM

50X1-HUM

May 1950----- Sawmill "IPEIL MOROENI", located in the outskirts

of town, on the highway leading to Sinaia with

It is connected to the timber region of Mount Paduchiusu

by a Decauville line about 9 kilometers ^{long} and it's the

railroad station of Pietrosita by another

Decauville line,

MOROENI

50X1-HUM

May 1950- Saw mill "IPEIL FIENI".

FIENI

50X1-HUM

May 1950- Coal mine-----

TRAIESTI

It employs about 250 miners(no other

data available)

50X1-HUM

May 1950- Spinning mill "Olga Bangic",

ZENEFOALA

Employees: about 1000, on a three -shift basis

Production: cotton yarns. The cotton comes from Russia, as

noted on several occasions bales of

cotton being unloaded at the railroad station bearing the

inscription USSR. The mill has two Skoda trucks with trailers.

b) Power

May 1950 ---- An hydroelectric plant is under construction on the MOROENI
 Jalomita, at a spot 3 kilometers north of Moroeni. The work
 began in 1948 and it was planned to complete the project by
 December 31, 1950. In addition to the regular workers, ~~xxxxxx~~
~~xxxxxx~~ there are also about 2000 soldiers working there
 in labor groups.

50X1-HUM

c) Miscellaneous

Organization for the salvage of various materials

Nov. 1949 --- This is the center for the salvage of various materials FUCIOASA
 called "DAC" (DELABORERI ANTIEPOSITE COLECTERI"- deposit
 for ~~xxx~~ collection and re-utilization), located at
 Republici Street, No. 91.

The DAC is a unit of the state with branches all over
 Rumania and its task ~~is~~ is the salvage of all kinds of
 materials.

The data which follows, relative to the price paid for some
 materials, will give an idea of the scarcity and availability
 of some raw materials in 1949.

[redacted] at that time

50X1-HUM

the organization was still in existence, but under a different
 name DCA (DIRECTIA AQUISITII COLECTERI Management for
 purchases and collection).

Prices paid for various items:

Iron: 90 centimes of a lei per kilo

Branze - 45 lei per kilo
